Fire Chief's Report

- 1) Stats – One month into our new response/staffing procedures. We will be looking at response times throughout the District as well as mileage, fuel use, etc. on our vehicles. Only thing of note is that our mutual aid calls for 2017 have already exceeded what we did in 2016. I think a lot of this could be due to their dispatch system which wasn't prepared to handle out of county mutual aid responses.
- 2) We've had a big presence at some recent community functions, the Home and Garden Show and the 55+ Fair, also taught some of the classes for our local CERT group.
- 3) Paramedic hiring update – We have made an offer to our top candidate. He was briefly with Sno 1 as a Fire/Medic and on the Camas/Washougal FD as well. He has taken his physical and we are just waiting on his background check. Unfortunately we were informed that the company we use has a significant backlog so it may be 21 days before we get clearance.
- 4) Labor Management – FYI, we have received a request from the Union for everyone's complete salary information for the last five years. We are also looking in to having a company come on site to assist in our yearly evaluations as part of our wellness plan.
- 5) PT Sick leave – Linda Layton and I have started developing a policy to give our PT employees sick leave benefits per the new law which goes into effect January 1st. I don't foresee a large impact on our budget for this benefit.

YTD Response Times

	<u>2015</u>	<u>2016</u>	<u>YTD</u>
Stn 1-1	0:08:04	0:08:14	0:07:14
