Fire Chief's Report

Mechanic Hiring process – We've had a little snag in our mechanic hiring process. It turns out that our #1 candidate has injured himself. Our physician has cleared him but there is still the possibility he might need shoulder surgery. Linda Layton, Jay and I will be meeting with him on Tuesday to discuss the situation.

Station 1-5 Open House update – We met with representatives from the Mabana Flames about the possibility of holding an Open House at Station 1-5. We tentatively set a date of June 29th if we are going to do it.

Lunch with Rick Felici – I have invited our Sheriff elect to have lunch with me on Thursday. Any commissioner that would like to join us is welcome.

Crews out of district – We will be joining with Arlington and NCRFA for some training on an acquired structure in Stanwood. We will be sending a few FFs at a time.

GEMT update – We met with our account manager from PCG. Everything is looking good for our reimbursements. We should be getting our 2016 and 2017 funds here shortly.

Union use of St 1-4 for a fundraiser on Dec 15th – Union has requested to use St 1-4 for a fundraising spaghetti feed on Dec 15th. They have offered to pay the facility fee but I feel they fit into the types of organizations for which the board is allowed to waive the facility rental fee.
