Fire Chief's Report

- 1) Community Events –
 - a. Chili cookoff – We definitely did not win. Quite a few professional cooks were involved.
- 2) I will be attending the Harborview Paramedic graduation luncheon this Friday.
- 3) Staff potluck and white elephant gift exchange – Dec 15th. All Commissioners and significant others are welcome to attend.
- 4) Thanksgiving evening was busy. Pretty serious MVA at Vista and Camano Drive had the intersection shut down for several hours. We had two transports and North County transported one from this call. During this event we ran a couple more calls with our two ambulances off Island.
- 5) Union will be voting on the CBA Dec 12th and I will have a draft for the Board to review this week. Rich Davis has given it his blessing.
- 6) Part time help for the shop has started. We hired a Camano Island resident who is in the diesel mechanics program at Skagit Community College to help Jay and Gabe catch up on the smaller items that need maintenance. So far it seems to be working well.
