

Dec 11, 2017

Fire Chief's Report

Stats – Still on track for a record year. November was our second best month for response times, October was #1. I am really optimistic that we will be seeing some great improvements when our staffing models are implemented.

FF hiring process –

Oral Boards – Nov 16th

Chief's interview – Nov 22nd

Background checks on top 5 – Start Nov 17th

Medical and Psych evaluations - December

Job offers – Dec 18th

Anticipated start date – January 8, 2018

Retirement replacement to start April 1st

Community Paramedic program – There was another LTE in the SCNews last week expressing opposition to our Community Paramedic program as well as one in support. In the opposition letter were the same misleading statements as in earlier versions. There will be an article about the concept of Community Paramedicine written by Sarah Arney. Her last article before she retires. All of her information came from John Cermak so I'm hopeful that it will be an accurate representation of our intent.

Drone program – We have been offered the opportunity to help a local company develop drones for use in the fire service. They are willing to give us a drone if they can film it in use. I think this is a great opportunity for us. It has been vetted by our attorney and we are in the process of getting some firefighters certified by the FAA to use these. Sno District #22 already has a couple in service.
